

My family and I listen daily to the music and programming of K-LOVE radio on 100.1 FM in the San Diego area. K-LOVE provides my family and the residents of San Diego county Christian songs and programming that are vital to my children hearing positive, encouraging and non-offensive programming. If this station is removed for an LPFM station, the citizens of San Diego would lose the ability to hear non-commercial christian music and programming. K-LOVE serve the San Diego community by advertising events, providing call in numbers for counseling, etc. Please do not remove this station in favor of an alternative LPFM station
